New website is up and running. YEAH!!

We have collected ideas for putting together “Lunch and Learns” webinars and zoom meetings that we will hopefully launch later this year. These will include “Nuts and Bolts” type classes. If you have any ideas for short class topics, please let us know.

A survey was done of the “Top 5 Services” performed in member offices.

Setting up round table discussions at future conventions regarding Patient Outreach and increasing direct referrals from MD offices.
